The gallery is located on the first floor of the library next to the Community Room and the front entrance. The objective of our exhibits is to enrich the aesthetic environment of the library and the community, to provide a learning opportunity for people of all ages, and to promote works by local artists. Art is interpreted broadly to include paintings, sculpture, crafts, etc.

A gallery committee solicits and reviews applications from artists and oversees gallery operations. The committee meets periodically throughout the year to review applications. Artists interested in exhibiting their work are invited to apply by downloading or printing this form: Gallery Application. The form is to be submitted along with a sample packet of work that may be kept on file.
