PARENTS’ NOTE:
Thank you for participating in the most important program you can do for your kids over the summer! (And it’s FREE!) The more your child reads and learns this summer, the less the “summer slide” – the loss of skills learned during the school year – will affect them. This year, our focus is on how we, as a community, can build a better world and we have wonderful programs for your family to enjoy all summer long. As the Children’s Department staff, we are dedicated to encouraging a love of reading and nurturing the discovery of new ideas. Need a book recommendation? Ask us!
